

## **Prayer macros, defining, linking.**

downloaded from chemtrailsAreDemonic.org February 22, 2019.

Once you start praying the warfare prayers, you begin to recognize the need to pray without ceasing. When under heavy spiritual attack, there often is not time to pray through a huge list. The Lord introduced the idea of short hand prayers, which is a simplification of many prayers into a short grouping of words. God honors these macros, and it is important to understand and apply them if you want to go to the furthest level possible in your spiritual warfare.

A shorthand prayer is like a "macro," or if you are familiar with Photoshop, it is like a Photoshop action. You click "play" on the item and the program runs through the list of defined actions. We can do this very successfully through prayer. This requires a lot of faith. Ask God to help you move to this level of prayer. It is still very valuable to pray the individual prayers when you have time, but rely on the Macros in time-sensitive situations, and pray without ceasing.

Here is an example. The prayer, "Simplified warfare prayer to address most satanic devices. " is fairly concise for the amount of topics it covers, but it still takes a while to pray the entire prayer. Let's make a macro to simplify this prayer.

If you are driving down the freeway or moving around a crowded place and you start to get a panic attack, or have sudden health attacks, it is not practical to pray a full page prayer. Necessity is the mother of invention, and this is why we need prayer macros.

We can simplify the "defense" section into a single macro, and call it "defense."

We can simplify the "attack" section into a single macro, and call it "attack."

We can do the same thing for "restoration" and "withdrawing evil power" and "removing defilement."

Now, lets pray the "simplified warfare prayer" much more quickly.

"Defense, attack, restoration, withdrawing evil power, removing defilement" for me, person A, person B, and person C."

God will honor this prayer.

Now lets go a step further and combine all those into a single group. This macro will encompass all the parts. It is simply going to be called "simplified warfare prayer."

Let's apply and pray this new, simpler macro. "simplified warfare prayer for me, person A, person B, and person C."

Now let's go a step further. Let's reduce it even more. We will make a shorthand for the prayer that is simply called "simplified."

Now let's apply and pray the even simpler macro. "simplified prayer for me, person A, person B, and person C."

You can call them whatever you want, it is between you and the Lord. Make a document that states each macro that you make and have a copy somewhere near you. This is your spiritual "legal" document to justify your prayer macro before heaven and the spirit world.

## **Defining prayer macros.**

**1. Simplified (Macro)** - the contents of the Simplified warfare prayer.

### **2. Infinity (Macro)**

Time - Infinity forwards to eternity and backwards to the beginning in time. <- Infinity ->

Why do we need the infinity macro? Because satanic powers appear to have the ability to manipulate time, and this will cover that area, since the most high God is omnipotent and is the God of time and space.

### **3. No dodge (Macro)**

Everyone who is dodging the arrows of my prayer, you shall dodge no longer.

Why do we need the no doge macro? Some of Satan's agents are good at evading our prayer attacks. This will help you hit those dodging targets. Make sure to pray this when you do not seem to get the relief you need.

### **4. Backfire (Macro)**

I attack (macro) the attackers of my (target)

Why do we need the backfire macro? This is a most important macro. We do not only want to attack the effects of the satanic attack on our body and star, we want to back fire and hit the entities(s) that launched the attack so that they will not attack us again.

### **5. Repeat (Macro)**

Repeat previously prayed macro or string of macros, including the targets.

Why do we need the Repeat macro? If you pray a long string or combination of prayers, then repeat will allow you to simply say repeat over and over to re-apply the last prayer for speed and simplification.

### **6. Satanic World (Macro)**

Lay waste to all the works of the devil In and on the sun, the moon, the stars, the heavens, the earth, under the earth, the people, the animals, and all of creation.

All satanic:

life support systems, food and water supplies, crops, cloning centers, hospitals, factories,

manufacturing, communication centers, communication towers, cellular towers, cern, the lhc, and all devices like it.

time traveling devices, portals, power plants, power storage, power cables, power lines, fuel storage, fuel stations, batteries, technology, computers, quantum computer, ai devices weapons, missiles, artillery, military installations. broadcasters, transmitters works of the devil, storage facilities, satellites, drones, ships, planes, crafts satanic computers, communications devices, phones, technology, lay lines and traveling routes in the air, land, sea, under the earth, heavens, and in all of creation, launch pads, control towers, gates, Mystery Babylon, The queen of heaven. Cube ships from Saturn, Satan. Lord, send mighty angels to cut down every witchcraft power traveling in the air, land and sea.

Why do we need the Satanic World macro? Because Satan's kingdom is vast in the spirit realm and exists inside and outside of our bodies, heavenly bodies, and its creation. If we are not attacking it aggressively, we will not achieve victory.

#### **5. Prayer List (macro),**

Record the contents of your long prayer list here (the people, places, and things that you pray for daily)

#### **6. High Priority Prayer items (macro)**

This prayer list contains the people on your list who are in critical condition (ie., very sick, hurting, compromised people).

Mom - arm, ear, nose, throat, abdomen

Dad - eyes

Brother - back

Mary - heart, blood, white blood cell count, body

Ken - back, shoulder, prostate

Mark - heart, brain, nervous system

## **Combining Prayer Macros and Usage Examples**

The following prayer will apply the simplified (macro), add the infinity (macro), add no dodge (macro), add backfire (macro) to address all contents of the list of high priority prayer items (macro)

Example 1:

Simplified (macro) infinity (macro), no dodge (macro), backfire (macro), high priority prayer items (macro)

This prayer macro will run the simplified macro to infinity to attack the satanic world in and around the high priority prayer items list.

Example 2:

Simplified (macro) to infinity (macro), no dodge (macro), backfire (macro), for the satanic world (macro) in and around the high priority prayer items (macro)

Example 3: Pain in your body.

Simplified (macro) to infinity (macro) no dodge (macro), backfire (macro) to (location in body where there is pain).

Example 4: Repeating the last action.

The repeat macro allows us to repeat the last prayer combination without having to pray the chain. Now you can quickly repeat the string above with the words "repeat," "repeat," repeat," "repeat" until you get relief.

## **The importance of specific targeting**

The more specific you can be in your targeting, the faster you will get help. Name the exact location, if possible, of the problem, pain, or discomfort that you or the person you are praying for is experiencing.

Example 1:

Step 1:

Simplified (macro) infinity (macro), no dodge (macro), backfire (macro), pain on top of head, bottom right foot big toe.

Step 2:

Repeat. Repeat. Repeat. Repeat. This will repeat step one. Pray repeat without ceasing until you get relief.

## **Signs of bad things leaving**

When pain and discomfort leaves your body, you know that you are on the right track. You may experience gas, burps, yawns, sneezes, coughs, which are all signs of spirits leaving. If Satan is serious about hurting you, he will continue to try to hit your weakest area, keep praying.

## **The final and most important step**

It is critical to do this last step before you start using your prayer macros, or the prayer macros will not work. The last step is to submit each one of your prayer macros to the Lord through prayer.

Any time that you modify or update the prayers and the prayer macros, re-submit them to the Lord through prayer. You do not need to read out the entire contents of the prayers, but reference the written document and its contents and the macro name specifically. You might pray something like this to establish the prayer macro in heaven:

Dear Heavenly Father, I submit to you now these new prayer macros. (name each one specifically). When I pray the words (macro name), I humbly request you to apply the larger prayer macro contents continued in the prayer macro document.

Example:

For the prayer macro "simplified," I humbly request that you would apply the contents of the "simplified warfare prayer to address most satanic devices." From now on, when I speak the word "simplified," I trust in faith that you will apply the entire contents of that prayer to my requested target. I ask this in Jesus' name, Amen.

### **I have never been under a spiritual attack, what are you talking about?**

Have you ever been sick, tired, frustrated, confused, in arguments, experienced defeats, moral failure, and mental issues of anxiety, fear, panic, depression, despair, or voices? Most of these symptoms are the result of spiritual attacks. The odds are extremely high that you have been and may currently be under spiritual attack and do not realize it.

### **Identifying the most common doorways of satanic attack.**

There are many warfare prayers that we can pray to obtain victory over spiritual attacks. Some prayers are more effective than others. What we pray matters. A general prayer asking God to help you is not nearly as effective as coming against the specific device that has been employed against you. It is important to pinpoint as closely as possible what has been done against us and then pray specifically against it.

Unfortunately, many people are ignorant of Satan's devices, so they have no idea how to pray against them. This list contains some of the very specific essential elements that help give victory over satanic attacks. Many of these prayers are credited to Dr. Olukoya. Out of the many volumes of prayer that he has written, this short list has proven the most helpful to pray without ceasing during daily battling. There is great value in praying through his other prayers when time permits to break off other spiritual hindrances and gain more deliverance and spiritual freedom.

### **Why this list?**

When coming under spiritual attack, we are afflicted by unseen forces. It is not always obvious from what direction the attack is coming. This can allow spirits of panic and fear to drive us to make costly mistakes. Often spiritual attacks may involve spirits of confusion, which can make it difficult to think clearly and pray with discernment. In many cases, time is of the essence, and every moment lost puts us at a further disadvantage.

Having a bullet list of trusted targeted prayers that you can quickly pull out of your pocket and refer to is essential when thinking is clouded or health is compromised. Perhaps you are battling panic, a racing heart, shortness of breath, or other attack on your health or mind. These are often symptoms of a spiritual attack. These prayers give a tried and tested path forward to help dismantle whatever is attacking you.

### **Keep a copy with you at all times.**

It is a good idea to print copies of these prayers and keep them in your car, next to your bed, and at your office. Carry them with you in your wallet or purse, especially when traveling in a car or flying on a plane. Why? Because you never know when an attack will come, and Satan usually waits until you are not prepared to handle one. If you come under attack, you can pull them out and start praying systematically down the list. The odds are good that by the time you get to the last prayer, the battle will have turned in your favor with God's help. If not, start from the top again and repeat until you get relief.

### **When to pray**

When should we pray these prayers? If you are serving the Lord, praying these prayers daily will help you tremendously. If you are a missionary, it is even more important to understand how the evil world is working against you and how to counter their efforts, because you are working in enemy territory. If you are coming under heavy attack, praying these prayers throughout the day periodically will help you to continue moving forward. The best solution is to pray these prayers like clockwork, periodically

throughout the day, perhaps every hour or every several hours. Why should we pray periodically? If you have an assignment on your life from Satan, the evil world is working against you around the clock. One prayer session in the morning will not cover attacks launched after lunch. If you can pray them in accord with others, that is even better, because of the multiplication of power factor when we pray and agree.

**Pray over and over until victory is won.**

You can, and should pray these prayers over and over until enemy attacks break and subside. This is different than what Jesus warned about the heathen doing, praying with vain repetitions. These prayers are not in vain, they are to the one true God. For example, if you are under attack, pray "Every tongue speaking against me with satanic anointing, receive the lightning, thunder, and fire of God, in Jesus' name" until God has shut the mouth of the enemy up and the attack stops.

**Memorize the prayers and pray without ceasing.**

The best thing that you can do is memorize these prayer points and pray them without ceasing throughout the day. For example, while you are getting ready in the morning, driving to work, etc., you can pray these continuously. If you do not need prayer at the moment, why not pray them for those on your prayer list, or the leaders of your government?

**Understanding how the enemy works.**

This list contains the minimum number of areas to successfully overcome most spiritual attack scenarios. We do not always know what the dark kingdom has done to bring us under oppression, but these check most of the boxes and will help to lift off the attack by taking into account many of the devices that the evil world employs against Christians. Like a shotgun that scatters shot over a target, these prayers systematically cover most of the bases that Satan employs to attack Christians. When you systematically cover all of these bases, you will likely break the spiritual laws, rituals, incantations, and devices of the witchcraft and satanic world that are oppressing you.

**Praying these prayers for others.**

If you wish to pray these prayers for others, then replace "my" and "me" with the desired prayer recipients. If you know people who are sick, struggling with problems, or who are having a hard time, praying through this whole list of prayers for them until they get breakthroughs will be much more effective than praying a general prayer for God to help them. They are likely under satanic attack from these exact same doorways that everyone else is.

Example original personal prayer - Holy Spirit, please heal all broken soul ties between me and those around me in Jesus' name.

Example modifying to pray for others - Holy Spirit, please heal all broken soul ties between mom, dad, brother and sister and those around them in Jesus' name.

## **Identifying Satanic attacks.**

Depending on the level of deliverance and freedom that you have attained, you may have warning signs and indicators that you are under attack. People who are in deep darkness may not experience warning signs, and this is a good reason to get as much deliverance as quickly as possible.

**Arrows.** Satanic and witchcraft arrows feel like small stinging darts, needles, or pin pricks hitting your skin. They go right through clothing and shoes. If you feel this, do not ignore them and move on to other things. Pray the prayer for arrows repeatedly for a while. Pray for a while to clear the effects of the arrow. Be specific in your prayer. If the arrow hit the bottom of your left foot, pray, "every arrow from the bottom of my left foot, backfire and hit your owner." Pray over and over again. You may burp, pass gas, yawn, or have some other indication that the arrow has departed.

### **Bone chilling cold.**

There is cold, and then there is witchcraft cold. Witchcraft, satanic cold is bone chilling and cuts through you. It feels different than normal cold. When you experience this, pray through the prayer list, and then focus on praying against Satanic tongues and rods of affliction coming from the second heaven. Pray and continue repeating, "Every tongue speaking against me with satanic anointing, receive the lightning, thunder, and fire of God."

### **Depression.**

Depression is always a spirit, and it can be removed very easily through prayer. Ask God to remove the dark cloud from you and fill you with his joy.

### **A racing heart.**

Racing hearts can be an indication of evil spirits working in and around your heart. If this is the case, it is important to pray through the list of prayers as quickly as possible to make sure that you have covered all of the bases.

### **Shortness of breath.**

Shortness of breath is often caused by evil spirits constricting your breathing.

### **Confusion, dizziness, and disorientation.**

If you are walking around and are hit with a sudden feeling of confusion, dizziness, and disorientation and light headedness, it often an indication of a spiritual attack.

### **Pain.**

Many times, pain is created by the presence of evil spirits in the body. Pray for the Holy Spirit fire to burn and consume the pain in whatever part of your body until you experience relief.

### **Headaches.**

Headaches are frequently caused by demons. Demons have admitted to placing bands around the head to create pressure.

### **Restless sleep.**

Restless sleep is a good indication that spirits are in you and or in your room.

**Panic.**

There are satanic spirits of fear and panic that can take control of the human body. God has not given us a spirit of fear, so if you feel these emotions, Satan is working against you.

**Voices.**

Evil spirits have the ability to communicate with you in your mind. If you are their target, they may tell you things to encourage you to sin, or to get you to fear. Be sensitive to the voices in your head, they are not always originating from you or the Holy Spirit.

**Lust.**

If you suddenly feel a sense of lust, then those spirits have found their way into your body. Pressure in the groin comes from lust spirits. Do not give in to the lust, instead, pray out the lust spirits, and the pressure will immediately go away.

**Visions of attacks.**

If you have attained enough deliverance that you are operating in the spiritual gifts, then God may give you a vision of an entity attacking you in your right eye. It may be a snake, a witch, or some other object. Learn how to attack these entities using your mind.

**Bites.**

Many kind of bites are demonic. Spiritual scorpions can leave real physical pain and itching and burning that will not go away without prayer.

**Evil Thoughts.**

Evil spirits will not think twice about suggesting sin to you. They might give you critical thoughts about the people who care about you. They might suggest that you masturbate, look at pornography, or other sexual sin. They might suggest that you hurt yourself. These are not your thoughts, they are the thoughts of evil spirits, and can be removed through prayer.

**Things moving around your body.**

If you experience the sensation of repetitive twitching, jerks, and noises of things moving around your body, it is a good indication that evil spirits are at work inside of you.

## **Breakdown of each prayer category.**

**Repent.** We repent because sin gives Satan legal ground and authority to operate in our lives. Even if you think you have not sinned, there may be something that you are unaware of that is opening the door to attack. At the outset of our prayers, take away any ground that Satan has to keep up the attack. If you fail to do so, the following prayers may have no effect. Ask this important question, are you cooperating with Satan in some area of your life?

**Evil eyes.** When you go into battle, the most effective thing to do is blind the enemy from moving and seeing you. This will effectively slow down their attack and give you time to counter them through prayer.

**Casting out evil spirits inside of you.** We cannot pray to cast out every evil spirit in our system all at once, but there are some spirits the Holy Spirit will allow us to cast out immediately, and we should take advantage of those that He will permit removal of. Pray in faith trusting that the Holy Spirit will send these spiritual serpents, snakes, and scorpions directly to the lake of fire.

**Holy Spirit Control.** One of the main ways that Satan controls the world is through witchcraft control spirits. These control spirits are so prevalent that you and the people around you may be coming under their control multiple times throughout the day without even realizing it. This is an important prayer to pray periodically throughout the day, especially if you feel that you are about to lose control in areas that you normally have control. If you are struggling with addictions, this is one of the most important prayers to pray.

**Overriding Satan's program.** The evil world spends a great deal of effort to program evil into our lives. It affects how we think and act. It is important to understand that even as a dedicated and praying Christian, control spirits can override and take control over your mind, will, and emotions. Ask God to replace Satan's program with his will for your life in your heart and mind.

**Restore broken soul ties.** One of the most powerful ways that Satan destroys good relationships, friendships, families and other connections is to break good soul ties. Win Worley spoke of a soul tie breaker spirit. This spirit seems to have grown in strength and power in our current times. Be sensitive to your feelings and take note when you feel the least bit agitated with your spouse or those around you. Pray this prayer, and you will be amazed at how quickly you are back on track.

The soul tie breaking spirit is the reason for many broken relationships. Satan wants to attack your family and support system. God can heal these broken soul ties almost instantly, and you will be amazed that things are back on track again. Endless therapy sessions cannot repair broken soul ties, but God can. The evil world may employ this against you multiple times a day if they are serious about destroying your relationship. The soul tie breaker spirit and the control spirits seem to work in a coordinated fashion to destroy relationships and get people to wound each other, saying things that will create more and more problems for them.

**Battle aggression.** Where does courage come from? It comes from the Holy Spirit. God can put the aggression in our spirit that we need to overcome serious spiritual battles. Satan would like to give you spirits of fear and panic. When you are under serious spiritual attack, we need to ask God for help. When you are sick, tired, and having trouble, your spirit needs battle aggression from the Lord to fight off evil attacks.

**Witchcraft.** When everything seems to be going wrong and you feel frustrated, irritated, and about to explode, it is a good indication that witchcraft spirits are working against you.

**Holy Spirit Fire.** This is an important prayer to remove all darkness that has found its way into your body and on your star. This prayer can improve many aspects including your health as you pray throughout the day to purge your system and maintain good spiritual hygiene. If you are experiencing pain and sharpness in any part of your body, then mention that area specifically in the prayer. "Holy Spirit fire, please burn and consume all darkness in my upper right shoulder." Repeat until you feel better. The same prayer can be employed if you feel things moving in your body, or gurgling and bubble sounds moving around.

**Evil tongues.** This prayer will put to a halt all evil spirits who are raining satanic incantations against you.

**Arrows.** The occult world send arrows of affliction through spells and witchcraft to their Christian targets.

**Heavenlies.** This prayer will cover attacks coming from the principalities, powers, and rulers of darkness coming against you from the heavenlies.

**Representations.** If witches or satanic agents are using your picture or representation of you to send you curses, then this will nullify their power.

**Altars.** Satanic agents may be cursing a particular part of your body to bring about health problems. This will remove their effects. If you are experiencing specific health problems, make sure to mention those parts in this prayer. For example, if you have a cold, you might modify the prayer. "I withdraw every part of my body, [ears, nose, and throat], and personal items from every evil altar, in Jesus' name."

**Curses.** It is important to break curses daily. If you suspect that there is a specific kind of curse working against you, then pray against that (ie. confusion, forgetfulness).

**Summon of Spirit.** Witchcraft and satanic powers have the ability to summon your spirit and then do bad things to it. Pray to shut this doorway of attack down.

**Soul Ties.** You may have picked up ungodly soul ties that are bringing affliction to your life that you are unaware of. This will close the door to those doorways of attack.

**Rituals.** You never know what kind of ritual may have been done to hurt your destiny, relationship, or career. Close this door.

**Charms.** Charms are another way the evil world can attack you. Deal with them specifically to close this potential door of attack.

**Triangular Powers.** The evil world uses the sun, moon, and stars to attack God's people. The Bible teaches us that we can command them. Take authority over them from the evil world. Read more about them in Dr. Olukoya's book Triangular Powers.

**Your Star.** Every person has a star and one of the ways that Satan attacks a person is through their celestial body. Few Christians understand this, but once understood, you will be able to pray against evil powers attacking your star. Read more about them in Dr. Olukoya's book Star Hunters.

**Recovering Stolen Virtues.** The evil world steals from you. Pray to reclaim your stolen property. If you ever feel like something has gone wrong in your life and you cannot put your finger on it, it could be that the satanic witchcraft world has compromised your virtues and goodness. Pray to recover it and you will start to feel better within minutes.

**Programming.** The dark kingdom spends a lot of time programming evil into your life. Break their power and close this door.

**Angels.** God will send his angels into your body to remove evil spirits if you ask him with the right heart and spirit. Remember to ask in humility and offer thanks, praise, and appreciation. Give him the glory. Burps, yawns, gas, coughs, and sneezes are all signs of evil spirits leaving.

**Overcoming.** The Bible teaches that life and death is in the tongue. Speak positive words over you life to counter evil spoken against you.

**Understanding how the evil world uses combinations of attacks to create their desired outcome.** If Satan truly wants to destroy your life, relationships, job, and destiny, then he will not stop at using only one strategy against you. If he is serious about doing you harm, he will work from multiple avenues to try to overwhelm you until you make a mistake, say hurtful words that will destroy a relationship, or get you to give up ground.

One of the main ways that Satan engineers a multifaceted attacks on groups of people (families, organizations, etc.) is the use of 1. control spirits 2. soul tie breaking spirits, 3. dedicating your virtues, and 4. networks of witchcraft spirits that create bad feelings, emotions, accidents, and tragedies.

Overcoming Satan's control through prayer:

One of the primary areas that you can shut down Satan's attempts to destroy families is to pray for God to take control and to repair any broken soul ties. This will remove the control spirits, and it will also repair the broken soul ties. Any time you sense things are starting to go poorly in communications with you family or people you are dealing with, begin to pray these prayers without ceasing until things improve.

**Example Scenario 1:** You are about to call your relatives.

**Satan's plan:** Satan would view this as an opportunity to sow strife and discord by breaking good soul ties, and sending control spirits into all parties to alter the outcome of the situation.

**Counter prayer strategy:** To counter this, pray that the Holy Spirit would take control over you, and the people you are calling, and repair all broken soul ties a few moments before you place the call. This will go a long way to smoothing out troubled relationships. If the call starts to go poorly, pray silently during the call to counter whatever the control and soul tie breaker spirits are attempting to accomplish.

**Example Scenario 2:** You are about to have a meeting with co-workers.

**Satan's plan:** Satan would like to create as many problems in groups as possible. Suspicion, envy, jealousy, strife, arguments, accusation, and lust.

**Counter prayer strategy:** Before and throughout the meeting you can pray without ceasing for God to take control over everyone in the meeting and to repair all broken soul ties.

These principles are incredibly important for humanity as a whole to grasp, understand, and start to use to avoid the self destruction that Satan seeks in all areas of life. Only with God's help can we overcome spiritual evil.
